

WILLIAM FREMONT HIGH SCHOOL On-line Parent Access

About the program ...

- The On-line Parent Access program was designed to allow parents to access, on an inquiry basis only, their child's attendance, schedule, report cards, mid-term grades, and demographic information for the 2004-2005 school year. The program also allows for communication between parent, counselor, and teachers regarding student progress. The On-line Parent Access program is intended for parent, not student, use.

To use the program ...

- Parents can access the program by visiting <http://www.d211.org/parentaccess.htm>

For more information ...

- Contact Technology Coordinator Mike Bachrodt at (847) 755-2760.

PLEASE NOTE: A demonstration of the On-line Parent Access program is available on school and district web sites.

*Actual student personal information will be accessible **only** to those parents who have registered and received a username and password.*
