August, 2011

Dear Parents and Students:

Your 2011-2012 academic schedule is now available online via parent access. While the majority of schedules are accurate, an error such as an incorrect or missing class may appear on your schedule. If this is the case, please call the Guidance Office at (847) 755-2630 as soon as possible to have a counselor assist you. **Changes, other than errors or corrections, can NOT be made due to the complexity of scheduling over 2800 students and our need to maximize the use of our facilities.** If a course is no longer appropriate, you should contact the Guidance Office.

We recommend that you make every attempt to rectify any errors prior to the start of the school year. If this is not possible, the student may come to the Guidance Office the first week of school during their period that is in error or during his or her lunch or study hall. **Students may not miss a class to see a counselor!** Be sure to bring the schedule when meeting with a counselor.

On the first day of school students must pickup their **official, pink-colored schedule** prior to first period. Freshman and Sophomores should pick up their schedules in the cafeteria. Juniors and Seniors should pick up their schedule in the main gym. If your child has a 2nd period start and arrives after 8:00am, they should report to the cafeteria to pick up their schedule. The pink schedule will be used by teachers to verify that the student is registered and enrolled. Students who are not registered before August 23 will not be admitted to class.

Together, we can work towards achieving a comprehensive education for each Fremd student. The staff at William Fremd High School is committed to excellence and making each student's experience here a positive one!

Sincerely,

Tracy Bafia
Director of Student Services
